

First 57 papers of Urantia Papers were received between January 1925 and mid-1929. They were in response to questions asked by Forum members in 1924 and after. My father Clarence Bowman was a member of the Forum,

and among those who heard papers read on Sundays. He noted in his diaries the numbers of papers, titles, dates heard, and inclusive typewritten page numbers. Omissions are due to his inconsistent record-keeping system.
